Deputy Commissioner's Office

Dated 15th/19th September 1896.

From,
The Deputy Commissioner,

To,
The Inspector General
of Police in Mysore.

Sir,

With reference to your No. 700/57 dated 20th August 1896 forwarding Copy of Government Proceedings No. 1494-503/15-2 dated 28th July 1896 in which sanction is accorded to utilize 35 out of 50 men thrown out of the Railway Police Service for the outposts proposed to be opened in the Coffee tracts of this District, I have the honor to point out that while the Deputy Commissioners of Bangalore and Kolar have written to say that the men

(6)

men attached to their Districts having been provided for in their respective Districts, their vacancies might be filled up by the entertainment of new men, the Deputy Commissioner of Chitaldroog has not yet sent any intimation as to what he proposes to do with the men attached to his district. I have written to the Deputy Commissioner of Chitaldroog asking him to send the 9 men borne on the Supernumerary list in his District with their clothing and accoutrements without delay.

2. The Deputy Commissioners of Bangalore and Kolar have not sent in the Kits of the Railway

Police

Policemen for the use of the men to be newly entertained.. Even if they do send them, I do not think they would be of any service to the men here whose measurements may differ from those for whom they were meant. The head cloth worn by the Railway Police is of blue-black color and they are armed with batons while the men to be employed in the District have to be provided with red turbans and lattas. The metal numbers to be worn by the new men must be of the District Consecutive series. The Railway Police uniform is of a different pattern from those worn by District men, their Coats being pro-

provided with shoulder straps unlike those of the District Policemen. In these circumstances, it is advisable to order a fresh suit of clothing and a set of accoutrements for the use of the 35 extra men transferred to this district. The available kits of the ex-Railway Policemen may, if deemed fit, be given out for use to the men employed on the Nanjangud-Bangalore Section of S.M. Railway: A list of articles of kit required according to the standard laid down in Inspector General's Circular No. 982/52 dated 17th July 1888, is herewith submitted for favor of an early supply of the clothing articles required. As long as the clothing is not supplied, new men cannot be equipped and sent out for work.

3. Since the full Complement of 45 men required to open all the 15 Outposts

outposts included in the proposals submitted with my letter No. 351 dated 26th April 1896 has not been allowed, I have placed myself in Communication with the Secretaries to the Planting Associations with a view to ascertain what outposts in their opinion require to be urgently opened, due regard being of Course had to the means at our Command. Their replies are awaited.

4. Meanwhile, taking advantage of the presence of the several Aniladars at Head Quarters lately, the acting Assistant Superintendent of Police has been able to gather and furnish the information wanted to give practical effect to the proposals in question. Having regard to the fact that the additional force is intended to be employed solely in Coffee tracts, I have resolved to open

open the following outposts at present. 12

I Mudigere Taluk

9 men
1. Maddikere
2. Sampigekan
3. Wagar (in place of Kallakki)

Balehole is omitted for want of men and Subankodige close by substituted as it is more central and healthy.

II Koppa Taluk

12 men
1. Kudregundi
2. Koradubittahu
3. Subbankodige
4. Halmathur.

III Yedehalli Sub Taluk

3 men
Agrahara, between Yedehalli and Meganakki (instead of Sripattikan).

IV Tarikere Taluk

6 men.
1. Lalbagh (Kattlekan Estate)
2. Belwalla (Keswinwarthi)

V None of the outposts proposed for the Chickmagalur Taluk viz: Kelagur, Magadi, Hiregonj and Biggenhalli being in the midst of Coffee tracts of any

...

importance, it is proposed to open one at Thippenhalli junction about midway between Attigundy and Chick -magalur and which Commands three main roads by which Coffee is largely transported. After meeting the re- quirements of the other Taluks, only 5 men are left and these are in- tended to be attached to Chickmaga- lur Taluk, - 3 men for the proposed outpost at Thippenhalli and 2 men to replace the men taken from Chick -magalur Kasba Station to form an outpost at Hiregonj.

5. The above arrangements which are calculated to meet urgent re- -quirements may be finally approved for causing these new outposts to be marked on the Sketch submitted with this office Docket No 102 dated 17th September 1896.

6. I have in anticipation of your approval, issued orders to the Amildars of Tarikere, Koppa, Mudigere and Chicknagalur and the Deputy Amildar of Yedehalli to endeavour their best to select men of requisite physique and capabilities and send them up for entertainment.

7. Arrangements will also be made through the Amildars to cause temporary sheds to be put up at places where the outposts are intended to be opened.

8. I have next to point out the necessity of allowing Malnad ghat Batta to the men who are to be employed at the several outposts named above. The outposts will be thrown in the midst of jungle tracts where means of accommodation and conveniences to procure the necessaries

of

of life are scanty. No Duffedars have been provided for the charge of these outposts and do the Con-stables have in a way to be left to themselves. To make the places a little attractive and infuse into the minds of the men to be posted there a sense of Confidence and responsibility, the higher rates of Mahad batta allowed to the men employed in similar situations may be sanctioned. The allotment under the head was only recently redistributed (Vide Inspector General's No. 1275/73 dated 24th October 1894) and no portion of it is therefore available for the Extra men sanctioned. The Mahad batta at the rate of Rs 2-8-0 (allowed rate) per head for 35 men

Amount

amounts to Rs 87-8-0 per Mouth
or (Rs 87-8-0 × 12 = Rs 1050 per annum.
This item of Cost can hardly be
grudged when the nature of the
duties, on which it is intended
to employ the men is considered.

9. It only remains for me to
urge on your consideration the
question of adopting a set plan of
buildings for the location of the
outposts and Pikkets which local
necessities, have recently brought into
existence. The fair-weather Sheds
erected with Canes and straw
along the lines of traffic come down
at the first burst of the monsoon,
and they must soon be replaced
by Pukka houses, with Stone or
brick walls and iron sheet roofing
if they are intended to protect
the men from wind and rain.
